

Quarterly Meeting

Marconi Club, 89 Parallel St, Springfield, MA 01104
September 25, 2024; 8:30AM-12:15PM – Earn 3.0 TCHs

MAWEA's Fall Quarterly Meeting will include presentations on "The BNR Controls & Instrumentation Selection Adventure", which is targeted to a wide audience encompassing operators, utility directors and engineers who are operating or planning to upgrade their BNR system(s). This session is intended to be an introduction for those not familiar with BNR control systems and instrumentation options as well as an opportunity for those more experienced to learn from other's experiences. Participants will learn about various instruments and control systems available and commonly used in the industry and the O&M aspects of having an advanced BNR instrumentation and control system. The BNR Adventure Selection App will be made available and explained during the session.
